

MAG Service Award

The Service Award recognizes significant contributions to monarch education, conservation, and/or habitat restoration in the state of Georgia. Two awards are available: an individual engaged in formal or informal education and a facility recognition.

Contact information on both the nominator and nominee is requested. A photo of the nominee appropriate for use in an Awards PowerPoint must be emailed to maq@eealliance.org.

Category (select one)

- Formal Educator
- Informal Educator
- Facility

Educational Impact

1. What impact has the nominee had on monarch education? (Examples: implementation/creation of lessons, outdoor learning, raising monarchs for education, etc.)
2. How many years has the nominee been participating in monarch education? How many individuals have been impacted?
3. Does the nominee participate in citizen science? (Journey North, Monarch Watch, Project Monarch Health, Monarch Larva Monitoring Project, The Great Sunflower Project, etc.) If so, for how long?

Conservation and/or Habitat Restoration

1. What impact has the nominee had on habitat restoration, creation, or enhancement? For what length of time?
2. Does the nominee grow [Georgia native milkweeds](#) and follow Monarch Joint Venture's [responsible rearing practices](#)? Please elaborate.

Additional Information

1. Please list the nominee's certifications and/or memberships in monarch, butterfly, and/or native plant organizations.
2. Why is this nominee deserving of this award?
